\*Rate is average local rate. Actual rates vary by jurisdiction. Source for Average locally assessed rate comes from the Final Report of the Task Force to Study Telecommunications Taxation, January 1999

\*\* businesses other than telco qualify for a Business Equipment Tax Reimbursement program

On April 15, 1998 the state enacted an assessment to fund telecommunications equipment for people with disabilities (Title25 sec. 1419-A). The PUC establishes the level of the assessment each year.

For fiscal year 1998-99 the assessment must be set at a level that generates \$85000.

Please list any general comments below that should be noted re: this state.

#### Revenue Tax Comments

- Business licenses would vary depending on location and local ordinance
  - Annual Privilege license rate is \$.04 per telephone in service at the end of the year, or \$25.00 whichever is greater.
  - For retail stores, tax is based on value of inventory and varies from \$20 to \$1,640 annually. - 356 is based on number of cities and counties in MS
  - Hearing Impaired Surcharge is applied on a per line basis, thus column F is irrelevant
  - \$11 wireline tax varies as follows: State Tax Commission - \$0.05; Simpson County - \$1.00 business line, \$0.60 res. Line; Rankin and Jefferson County - \$2.00 business line, \$1.00 res. Line.
  - Expenses of commission allocated to utilities based on intrastate gross receipts.
- \* If the tax is based on a percentage of intrastate toll, the exempted customers will be exempted from differing amounts; however if the rate is flat, the exempted customers will be exempt from the same amounts.

#### Property Tax Comments

- Wireline - Regulated companies operating in 6 or fewer counties are assessed on a local level at a 15% assessment ratio, while companies operating in more than 6 counties are centrally assessed on a unitary basis at an assessment ratio of 30%.
- Wireless - All assessments for wireless are done locally based on original cost with scheduled depreciation (not book), assessed at 15%.

Please list any general comments below that should be noted re: this state.

#### Revenue Tax Comments

1. Franchise Tax may or may not be passed thru to customer.
2. Business licenses, sometimes called Privilege licenses, vary on base depending on gross receipts or flat fee. 1,217 is based upon number of cities and counties in NC
3. Hearing Impaired Surcharge is applied on a per line basis, thus column F is irrelevant
4. 3% rate applies to local services. 6.5% rate applies to Intra-state toll.

#### Property Tax Comments

1. Wireline - Central assessments derived from Cost and Income approaches.  
Local assessments derived primarily from Cost, however, Income and Market approaches can be used.
2. Wireless - All assessments for wireless are done locally based on original cost with scheduled depreciation (not book).

\*\* Not applicable to wireless

(1) The tax is per local exchange access line; \$.25 for 911 emergency surcharge and \$.25 for network and database surcharge

(2) Formerly known as Public Utility Inspection Fee; fee is .50% of the utility gross receipts

(3) Gross receipts tax is the equivalent of sales tax in New Mexico. There is not a separate sales tax.

(4) FCC contributions for USF are assessed against telecommunication providers, which in turn either recover these contributions via rates or explicit surcharge fees.

(5) Depend on how service providers recovers contributions

(6) Telecommunications are subject to central assessment, however the company can make a one-time election for either a cost or an income valuation methodology. Wireless seem to prefer cost, Wireline income.

(7) County gross receipts tax rate includes the emergency gross receipts tax rate.

Please list any general comments below that should be noted re: this state.

**Footnotes:**

- (1) Services are not taxable in NV. For wireless service providers, sales tax on phones sold combined with services is at the higher of phone cost or phone sales price.
- (2) Not separately stated; included in rate base.
- (3) Applicable to private property & USBLM; not state & local govt. Applies to wireline companies only.
- (4) May be in lieu of flat rate business license tax.
- (5) Tax is only imposed on local exchange and wireless companies to collect the tax as a flat fee and not on long distance companies.
- (6) Tax is imposed on the first \$15 of intrastate revenue for wireless services. \$15 limit does not apply for wireline services.
- (7) The milli tax may not apply for wireless carriers.
- (8) Effective July 1, 1999, the state of NV is prohibited from utilizing a Market Approach to value state assessed properties. Reconciliation between cost & capitalized income can only occur if the capitalized income value is less than cost. The net result is a value that can not exceed the cost approach.
- (9) Effective July 1, 1999, with the passage of SB 411 & SB 383, there now exists parity in valuation for both wire-line and wireless assets with main street businesses, in the state of NV.

**NOTES:**

- (1) Vendor's Comp is equal to 1 1/2% of the state tax liability, NOT TO EXCEED \$100. Effective 9/1/98 the existing exemptions for machinery, equipment, tools, supplies, and other tangible personal property used directly and predominantly in connection with telecommunications central office equipment are specifically available to such items used in receiving, amplifying, processing, transmitting and retransmitting telephone or telegraph signals.
- (2) The fee for landline customers is not to exceed 75 lines and the fee is remitted to each county. For wireless customers the charge is .70 per line, filed with the State Police on a quarterly basis. There is a 2% collection fee allowed to both landline and wireless companies.
- (3) The Targeted Accessibility Fund (TAF) has been established to fund Lifeline, emergency services (E911), and Telecommunication Relay Service (TRS) for the hearing impaired. Wireless is not subject to the USF.
- (4) The fee is determined based on the PUC budget and allocated based upon intrastate revenue. The wireless industry is exempt.
- (5) There is an exclusion for 30% of intra-state revenues and 100% of inter-state and international revenues.
- (6) The tax under Sec. 183 is 1.5 mills per \$1 of net value of capital stock apportioned to state; or 3/8 mill for each 1% of dividends on which 6% or more was paid; or \$75, whichever is greater.
- (7) MCTD Surcharge is equal to 17% of the tax rates for Sec. 184, 186e & 183. The MCTD Surcharge that is imposed on the 186e liability shall be calculated as if the tax imposed under 186e is at the rate of 3.5% not 3.25%.
- (8) The rate for NYC=2.35%. The rate for Buffalo, Rochester and Yonkers = 3%. The rate for all other cities and villages is 1%. All cities except the city of Sherril impose the tax.

Property Tax	Telco Effective Rate	Telco Locally Vs. Centr. Admin'd (L or C)	Telco FMV based on Cost (C) Cap'd Inc (I) or Mkt (M)	Main Business Effective Rate	Main St. Locally Vs. Centr. Admin'd (L or C)	Main St. FMV based on Cost (C) Cap'd Inc (I) or Mkt (M)	Comments/footnotes:
Real Property	1.86%	L	(M)	0.93%	L	(M)	Eff. Rate based upon % of Gross Book Cost
Tang. Pers. Prop.	2.80%	C	C/(1) (4)	1.30%	L	C/(1) (4)	Wireless Eff. Rate based upon % of Gross Book Cost
Intang. Pers. Prop.		N/A	N/A		N/A	N/A	

1) In theory property appraisal practices require the consideration of all methods to determine FMV.

2) Real Property assessments are at 35% assessment ratio at local rates (approx. 7.15%). TELCOs and main street are the same.

3) LECs are assessed at 88% of FMV for imbedded plant and 25% for new plant. Wireless, IXCs and main street are assessed at 25% at local rates (approx. 8.15%)

4) While the cost approach is used, FMV prevails and any acceptable method to achieve that can be used.

5) Effective rates given for Telco & Main Street are based upon Wireless gross book cost. This computed rate will be different for LEC's and will change for wireless and main street based upon the age of assets.

Please list any general comments below that should be noted re: this state.

#### Footnotes:

- (1) Sales tax applies to interstate calls which are both "originated and billed" within Texas.
- (2) State law limits the collection of local sales and use tax to no more than 2 percent for a total sales tax rate of 8 1/4 percent. Filed on state sales tax return.
- (3) Intrastate rates governed by PUC only
- (4) Same as ROW fees
- (5) Law permits pass-thru, however, Telcos prohibited from pass-thru because of rate restrictions.
- (6) Telco property values are based upon business value, local assessments based on asset value.
- (7) TX 911 Wireless service fee is \$.50 per subscriber. This is a monthly filing per entity.  
 TX 911 Equalization surcharge (.3%) / Poison Control Surcharge (.3%) is imposed on intrastate LD for wireless. This is a quarterly filing per entity.  
 TX PUC Gross Receipt do not apply to wireless.  
 TX PUC Access Line do not apply to wireless.  
 TX Right of Way Fees do not apply to wireless.

Please list any general comments below that should be noted re: this state.

- (1) A fund is established to provide telecommunication services to deaf, hearing, or speech impaired individuals. This fund is supported by a surcharge, not to exceed \$0.25.
- (2) An emergency service telephone charge of \$0.07 per month is imposed on each radio communications access line (Intrastate and Wireless) in order to pay the costs for the University of Utah Poison Control Center.
- (3) 911 Tax may be wireless or wireline.
- (4) Intangibles are exempt by the Utah State Constitution. However, in practice intangibles are taxed at the state level.
- (5) A separate resort community sales tax return is required to be filed monthly with the state.

Tang. Pers. Prop.	2.37%	Central (2)	cost	1.00%	Locally	cost	rates vary by juris. Same
Intang. Pers. Prop.							for telecom or main street.

(2) Companies owning or operating a telephone line or business must pay a tax equal to 2.37% of the NBV of their personal property. However, if their gross operating revenues within the state from the preceding taxable year are less than \$50 million, then they are subject to an alternative tax under Title 32 Section 8522. Main street businesses file locally and some towns in Vermont no longer impose a tax on tangible personal property at the local level, or are currently phasing it out.

Please list any general comments below that should be noted re: this state.

See WAC 458-20-245 for definitions of "competitive telephone service" and "network telephone service". These create different results from most states.

For example, no retail sales tax is imposed on residential "network telephone service". Residential, however, is not clearly defined. Application to wireless uncertain.

(1) Language usually addresses if tax applies to itself if passed through. Many larger cities do apply it to itself so eff. rate is 6.383%

(2) As of 1/1/99 there were 282 incorporated cities which could impose B&O or the telecomm occupation tax.
